

PGDC

Self-Contained, Gasoline-Powered Hot Water Pressure Washer

HOT WATER

DIESEL-HEATED

GAS-POWERED

- Up to 8.0 GPM; Up to 3500 PSI
- Heavy-Duty Honda or Vanguard Engines
- Belt-Drive Pump with 7-Year Warranty

- Rugged tri-plunger **High-Pressure Pump** with forged brass head and 7-year warranty, is connected to the engine by a belt-drive assembly that features cast-iron bushing Pulleys and two notched "V" cogged belts, which provide a cooler operation and longer life; also single-rail true track Pulley Adjustment makes it easy to alter the belt tension.
- Industrial-duty **Gasoline-Powered** Honda or Vanguard engine with overhead valves and easy-access oil drain line; all have keyed **Electric Start**.
- **Power Platform** is mounted on vibration isolators, which extends the life of the key components.
- High-efficiency, **12VDC Burner** is mounted on the end for ease of servicing and adjustments.
- Conveniently located **Control Panel** with burner on/off switch, monitor light and optional hour meter for maintenance monitoring.
- Optional rust-free **Float Tank** with stainless steel inlet filter provides backflow protection and inlet **Detergent Injection** for applying soap while washing in high pressure mode.
- Four quick-couple **Nozzles** are made of hardened stainless steel and are mounted for quick access.
- Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for owner and operator protection.
- Unique lift-out design allows for easy and quick **Coil Access**. Remove six bolts and the cover lifts off exposing the coil.
- 50 ft. of 3/8", double-wire braid Hose rated for up to 6000 PSI and featuring a 24-inch **Hose Guard** for burst protection.
- Rugged, 1½-inch square tube **Open-Air Frame** with **Forklift Guides** allows easy access and serviceability and is protected by an all-weather resistant **Epoxy Powder Coat Finish**.
- **Fuel Filter** prevents debris in diesel from damaging the burner fuel pump.
- Color-coded, polyethylene **Fuel Tanks** for gasoline (5 gallon) and diesel (10 gallon) are translucent for monitoring fuel level and have elevated fuel lines to prevent debris from damaging the burner. (PGDC4-35324E has 1.5 gallon gasoline tank)
- Durable polyurethane **Battery Box** protects battery and is in easily accessible location. (battery not included)
- Many **Safety Features**, including a rupture disk, thermal pump protector and high-temperature shutoff to guard against any buildup of excessive pressure or heat.

WHY CHOOSE THE PGDC?

Using a 12-volt DC burner assembly offers a rugged skid frame with robust cleaning performance specifications at an economical price. This self-contained workhorse can tackle virtually any outdoor cleaning project once you provide the water. An optional wheel kit makes this already versatile machine even more portable, allowing for easy transport on-site. With a reliable Honda or Vanguard gasoline engine, this machine can provide hours of continuous worry-free cleaning power.

The PGDC is designed to handle the toughest of outdoor cleaning jobs.

SPEED IT UP WITH ACCESSORIES

We offer a number of pressure washer accessories to reduce your cleaning time. Depending on your cleaning application, choose from items such as flat surface cleaners like the Water Jet, rotary nozzles, extension wands and more.

If you're cleaning long hours at a time, the EASY!Force trigger gun is an ideal and innovative solution to alleviate user fatigue. It's designed to use its own recoil force to hold the trigger down, which means you won't have sore hands after hours of use.

We also offer accessories designed to lengthen the life of your equipment, such as hose reels, which not only protect the high-pressure hose from damage, but help with storage when not in use.

Give us a call to learn which accessories are suitable to use with your pressure washer - and your application.

DETERGENT FOR EVERY JOB

Landa innovative detergent lineup makes your cleaning job easier and faster. Phosphate-free to meet the most stringent environmental demands without sacrificing cleaning effectiveness. We'll match you with a product designed for your specific application.

WHY CHOOSE THE PGHW?

There is a reason this model has been our most popular skid unit for over two decades – classic rugged design with a compact footprint. Whether you drop this into the bed of a pickup or mount on a custom trailer, this gasoline-powered machine is meant to travel to wherever the dirt and grime needs to be attacked. With models capable of delivering up to 5 gallons of water per minute and up to 5,000 pounds per square inch of surface pressure you can choose a model tailor fit for your individual cleaning application. You will find this model a favorite among contract cleaners, facilities managers, municipalities, and oil field service companies because it delivers solid performance and unmatched reliability.
