PG

Portable, Belt-Drive, Gas-Powered Cold Water Pressure Washer

- 5.0 Max. GPM
- 3500 Max. PSI
- Landa® LT Belt Drive Pump with 7-Year Warranty
- Rugged Honda® GX390 or Vanguard® 16 Engine
- Welded Steel Frame and Spring-Loaded Feet
- Flagship Model Since 1969
- 48"L x 27"W x 30"H

Model PG4-35324

- Landa® LT **belt-drive pump** runs at the lowest RPM, extending its lifespan by three times longer than direct drive pumps and about 40% longer than LM pumps. It also runs cooler, preserving oil viscosity and making it more forgiving if oil changes are infrequent.
- Heavy-duty gas-powered **Honda® GX390 engine** delivers up to 4.0 GPM and 3500 PSI with an overhead valve (OHV) design to promote better fuel combustion and up to 25% longer runtime (model PG4-35324).
- Heavy-duty gas-powered **Vanguard® 16 engine** delivers up to 5.0 GPM and 3500 PSI with Magnetron® Electronic Ignition and high-efficiency cylinder heads designed to run up to 30° cooler (model PG5-35224E).
- 2 **spring-loaded feet** provide excellent vibration absorption and prevent the machine from "walking," even on slopes.
- Industrial **steel powder-coated frame** built for tough transport with **welded center support** to reduce frame flex from engine torque.
- Protected **unloader block** mounted directly to the frame with jumper hoses, protecting the pump and plumbing fittings from unnecessary stress.
- Integrated **wand and hose hanger** is stronger and bolted completely through the handle for added durability.
- This model has been a Landa® **flagship since 1969**, a testament to its enduring reliability.
- Safety features include OSHA-compliant **belt guard** and a **thermal pump protector** to prevent the buildup of excessive heat in the pump.
- Handles on front and back for convenience in vehicle loading and unloading.
- Easy-to-attach **detergent injector** for easy application of soap.
- Tri-lingual labels with operating instructions in **English, Spanish and French** for added liability protection and operator safety.
- Spring-loaded trigger gun with **stainless steel variable pressure wand** for low pressure detergent application.
- **E-Z start valve** offers resistance-free pull starting of the engine.
- JIC fittings are **corrosion-resistant** and easy to service.
- Large, **rugged tires** for easy maneuvering on any terrain.
- 50' steel wire braid **high pressure hose** rated up to 5000 PSI with 24" hose guard for burst protection and swivel crimp fitting for easy attachment to trigger gun.

WHY CHOOSE THE PG?

Choose the Landa® PG cold water pressure washer for its **unmatched durability** and longevity, thanks to its lowest-RPM LT pump designed for extended life and a robust, powder-coated steel frame **built to withstand the toughest industrial environments** and accidental drops. Its intelligent design prioritizes user experience with vibration-absorbing spring-loaded feet, a protected unloader block for component safety, and a convenient variable pressure wand, making it the heavy-duty, reliable solution that has been a flagship model since 1969.

SPEED IT UP WITH ACCESSORIES

We offer a number of pressure washer accessories to reduce your cleaning time. Depending on your cleaning application, choose from items such as flat surface cleaners like the Water Jet, rotary nozzles, extension wands and more.

We also offer accessories designed to lengthen the life of your equipment, such as hose reels, which not only protect high-pressure hoses from damage, but help with storage when not in use.

Give us a call to learn which accessories are suitable to use with your pressure washer - and your application.

LANDA®

DETERGENT FOR EVERY JOB

Landa's innovative detergent lineup makes your cleaning job easier and faster. Phosphate-free to meet the most stringent environmental demands without sacrificing cleaning effectiveness. We'll match you with a product designed for your specific application.
