PROFESSIONAL | B 50 W BP SCRUBBER

The B 50 W Bp has many talents and offers the right function for every application and specific need.

The B 50 W Bp walk-behind scrubber is the ideal companion for fast and efficient wet cleaning of floors and hard surfaces. It delivers cutting-edge cleaning technology in a slim design. The B 50 W sets new standards, with its reworked design and power units ensuring impeccable cleaning results over an area of up to 18,200 square feet. The machine can be powered by a choice of AGM or Lithium batteries. Easy to operate, quiet and efficient, the B 50 W is the perfect companion for real pros. The brush head and squeegee assembly are made from cast aluminum, making the walk-behind machine extremely durable and sturdy. The parabolic squeegee ensures perfect suction, even on uneven surfaces and in tight turns. The R 55 cylindrical brush head ensures thorough and powerful cleaning - especially on textured surfaces. The auto-rinse function enables contact-free cleaning of the dirty water tank, and topping up the freshwater tank is a breeze with the universal filling hose, allowing easy access to fresh water from any tap.

1 Smartphone and machine are digitally connected

- Retrieve machine-specific information and use advanced settings to manage important cleaning parameters
- Keep track of important information about the machine's operation, such as remaining runtime or battery status
- Easily identify errors during use via the smartphone app and quickly fix them with the help of explanatory videos and digital instructions

2 Tank rinsing system

- Automatic tank rinsing system for quick and contact-free cleaning of the dirty water tank
- Sustainable efficiency and maximum hygiene in the cleaning process

3 Tried-and-tested roller brush head

- Seven times the contact pressure of a disc brush head.
- Saves water by using counter-rotating rollers.
- Effortlessly removes heavy soiling, even on textured floors.
- Suitable for basic and maintenance cleaning, including pre-sweep function.

4 Scrubbing made easy

- Made of durable die-cast aluminum the squeegee provides sufficient weight to generate an optimally high contact pressure on various types of squeegee blades
- The squeegee is easy to attach and detach with the help of 2 quick-release clamps
- Recovery hose remains on assembly bracket and allows faster removal and installation of squeegee assembly

Technical data and equipment.

B 50 W BP AGM

EQUIPMENT

Order No.	Description
9.176-020.0	B 50 W Bp R55 AGM*
TBD	B 50 W Bp R55 Li-Ion

ACCESSORIES

Order No.	Description
■ 4.035-184.0	Roller brush, medium
■ 4.778-008.0	Squeegee bar, parabolic, 850mm/33in
■ 5.035-344.0	Key yellow KIK
■ 5.035-348.0	Key grey KIK
□ 4.400-089.0	Set side strip oil resistant
□ 4.400-104.0	Set side strip R55
□ 4.400-011.0	Squeegee blade set Linatex 850mm/33in (Standard)
□ 4.400-005.0	Squeegee blade set PU 850mm/33in
□ 2.644-228.0	Add-on kit deflector roll stackable
□ 4.400-090.0	Squeegee blade set natural rubber 850mm/33in
□ 2.644-313.0	KEM Machine Connect B 50 W
□ 4.400-080.0	Home-Base-Kit Mop
□ 5.035-488.0	Home-Base adapter
□ 4.070-075.0	Universal hook kit
□ 6.980-077.0	Double hook
□ 6.980-078.0	Holder handhold grey
□ 2.644-365.0	Add-on kit emergency stop B50W
□ 2.644-391.0	Add-on kit equipment management Plug-in
□ 6.980-080.0	Holder bottle

■ Included □ Optional

* Cannot be sold in the state of California
