# POWERFUL, RUGGED SCRUBBER.

Outstanding suction and reduced decibels make this scrubber the ideal choice for efficiently cleaning indoor areas.

**PROFESSIONAL | B 200 R BP FLOOR SCRUBBER**

# UNLOCK EXCEPTIONAL PERFORMANCE FOR DEMANDING INDUSTRIAL CLEANING APPLICATIONS.

Equipped with a powerful, latest-generation, die-cast aluminum squeegee, and a brush head with a 34 inch working path, the B 200 R Bp impresses with outstanding cleaning results. This scrubber has exceptional suction performance, setting a new benchmark in the industry with 50% less residual moisture left on the floors, which means the floors dry even faster. And it is also extremely easy and safe to use thanks in part to the large, color display and the patented KIK key system, which can help rule out operator errors. The scrubber also comes with the auto-fill function for quickly filling the 53 gallon freshwater tank, as well as the automatic tank rinsing system, which makes it convenient to clean the waste water tank. A daytime running light comes as standard for improved visibility and the B 200 R Bp has steel impact protection to protect against damage.

## 1 Simple controls and LCD displays

- Single dial to select mode of operation is intuitive and makes for easy training.
- Check power, pump, brush motor, vacuum motor, and reverse operation at a glance.
- Screen displays machine status, fault alerts, and service intervals.

## 2 Outstanding Suction Performance

- The suction performance sets a new benchmark—50% less residual moisture on industrial floors.
- Tear-resistant, long-lasting Linatex® squeegee blades for excellent drying results.
- Fast and simple tool-free replacement of the blades.
- Parabolic design helps channel water to the recovery point.

## 3 Newly developed roller brush deck

- New aluminum die cast roller brush head provides industrial strength and reduced decibel level (approx. -10dB(A)).
- Rollers can be changed in a matter of seconds without tools.
- Roller brush provides excellent cleaning results with 7 times the contact pressure compared to disc technology.

## 4 Safety and durability comes standard

- The scrubber is equipped with a daytime running light which ensures a safer cleaning experience, especially in low-light environments.
- This scrubber comes with steel impact protection, providing robust durability and safeguarding against potential damage.
