

# RC SERIES WATER RECOVERY

PRESSURE WASHERS / SINCE 1970

## FEATURES

Recovers up to 30 GPM  
27 Gallon Working Tank Volume  
120V Transfer Pump

ELECTRIC

WATER RECOVERY

Simple **Curb Side Controls** for easy use and compact design and **15' Power Cord** for an extended reach

**3 Stage Vacuum Motor** delivers 100 CFM, 100" sealed lift vacuum for a constant pull. The unit is rated for water up to 120°F and compatible with surface cleaners and hot water machines.

**High Water Shutdown** to protect the unit

**Power Options** 120v 15 amp can be run off a 3500 Watt Generator

Integrated **Molded Handles** provide a solid grip and easy loading and transportation

**Bolt-on Mounting System** configured on the base to mount to a trailer for portability from site to site

Plumb the **Bulk Head Fitting** to an auxiliary tank for larger volume recovery needs

**Inlet Connection** fits included 50' of high temp 2" vac hose and scupper head, shown with optional caster wheel kit.

High Density Polyethylene **Recovery Tank** for excellent thermal and chemical resistance, excellent impact resistance, and UV protected for longer life. The tank holds 27 gallons of water and has an optional caster wheel kit for easy site mobility.

Quick access through top of unit to Filter Basket to catch solids

## WATER RECOVERY

Stop wash water from flowing down a drain or away from your area by collecting the wastewater from pressure washing. As EPA laws become more prevalent and strive to conserve water quality, contract cleaners and construction sites will need to recover their wash water and runoff. Eliminate the problem with the RC Series that is capable of recovering and transferring up to 30 GPM of water and transferring to a holding tank. Its small footprint allows the RC Series to be mounted on a trailer. Be fully in control of water flow with the optional water dikes and drain covers to stop water from flowing down a drain or away from your site. Comes standard with a 50' vacuum hose and scupper head.

Shown with optional caster wheel kit

## OPTIONS FOR RC SERIES

**Mosmatic Surface Cleaner with Vac Port**  
**Caster Wheel Kit**  
**Discharge Hose Kit**  
**Vacuum Hose**

**Scupper Head**  
**Drain Covers, 36", 48"** (PVC or Urethane)  
**Water Dikes, 10', 20'** (PVC or Urethane)
