THREE POWERFUL MACHINES FIT FOR DETAILING

SEE THE BENEFITS

Warranty: Lifetime warranty on body, 2-years on motor and pump, 1-year on all electrical components, 90-days on tools and accessories.

- Fastest soil pick-up with high CFM airflow.
- A durable pump delivers heated extracting solution into the carpet. The powerful vacuum motors recover the spent solutions and soils.
- Waist-high controls on 6- and 12-Gallon Carpet Extractors prevent bending and stooping to operate the machine. The controls are recessed in the machine and stay protected during use, in transit or in storage.
- These heated units include a **HiTempo** in-line heater that lets you extract with 200 degree Fahrenheit solution!
- The 3-Gallon Spot Extractor includes a black carrying-handle that slides out for easy machine transport.
- Non-skid, non-marking 10-inch wheels on 6- and 12-Gallon Extractors make stair climbing easy and do not scuff floors.
- The 3-Gallon Spot Extractor includes double ball-bearing urethane wheels for easy transport.
- **All units include vacuum and solutions hoses and 4" Stainless Steel Hand Tool.**
