

APW COMPLETE

APW Complete is a concentrated powder detergent for use in parts washers that is effective in cleaning heavy grease and oil buildup on parts made of ferrous metal. It contains a corrosion inhibitor for protection against corrosion and flash rusting, and an enhanced non-foaming formula to assist with foam control in the parts washer sump. This detergent is effective in removing oil, grease and carbon quickly.

DILUTION RATIO

Use dilution needed to achieve optimal cleaning will vary based on soil type, level of soil, and method of application. Water quality can also impact the amount of detergent required. Using hot water allows for a reduced level of detergent use.

- 0.5 - 2 oz per gallon

NON-CAUSTIC

- Protects your parts washer

HIGHLY CONCENTRATED

- A little goes a long way

VERSATILE

- Extra load of softening agents so it works well with hard or soft water

FAST ACTING

- Butyl-based blend engineered to cut grease and suspend oils quickly

COMPETITIVELY PRICED

- Excellent value and economical cost per gallon

CORROSION INHIBITORS

- Extra inhibitors provide added protection against flash rusting

NO-FOAM, QUICK RELEASE

- Non-foaming, quick-release surfactants extend life of wash water

Parts washers are an essential piece of equipment in the commercial and industrial manufacturing industry. They remove grit, oil and abrasive dust that may be left over from manufacturing which threatens the integrity of any coating or further treatment. Utilization of an automatic parts washer will save time, money and manpower as well as ensure the excellence of the finished product.

WHY CHOOSE LANDA APW DETERGENTS?

Landa automatic parts washer detergents contain advanced formulas engineered specifically for use in aqueous parts washers and their specialized needs. Our advanced formulas include an exclusive multi-metal corrosion inhibitor for rust-protection of all wetted surfaces.

Safety & Certifications

OSHA/WHMIS/ GHS Compliant

Infotrac Listed

Kosher Certified

OSHA/WHMIS/GHS-Compliant SDS available, listed with Infotrac.
For emergency spills call 1-800-535-5053, International 1-352-323-3500.

Technical Data

Color: White Powder

Scent: None

Foaming Action: Non-Foaming

Water Conditioning for Hard Water (TDS): Best

pH: 11.3 - 11.9 at 0.5 oz per gallon

Dilution Ratio: 0.5 - 2.0 oz per gallon

Corrosion: Contains corrosion inhibitors to protect against corrosion and flash rusting

APPLICATIONS

- Diesel Engines
- Machinery and Heavy Equipment
- Ferrous Metal Parts
- Rolling Mill Equipment

BEST TO REMOVE

- Oil & Grease
- Burnt Hydrocarbons
- Scale
- Varnish
- Carbon
- Mastic
- Rubber
